WITH HIGH PRESSURE.

Members Strive In Various Ways to Get P. t. Measures Enacted.

CONFERENCE ON CENTENNIAL BILL.

The Rush Incident to Closing Hours of the General Assembly Is Evincing—Finishing Touches on the New Laws.

Columbus, O., April 13.—The rush and confusion incident to the grand finale Monday has set in. Speaker Reynolds had a difficult time preserving order in "the third house." Several times the speaker directed the sergeant-at-arms to clear the lobby.

The house concurred in Senator Sieber's resolution to rescind the joint rule for the regular weekly adjournment Friday noon, so that the legislature may continue in continuous session.

The conference committee on the centennial bill agreed to the administration program of a \$500,000 appropriation, as carried in the general appropriation bills, and a new commission of seven to be appointed by the governor.

The committee, however, was not unanimous in reaching this agreement. Mr. Griffin and Senator Dunham refused to sign the report, and say they will oppose the acceptance of the report.

When Mr. McCormick's bill to authorize the lease of the berme bank of the Ohio canal for an electric railway from Columbus to Portsmouth was reached, Mr. Willis created a sensation by producing a written statement from Engineer Perkins of the public works department, making a number of objections to the bill. Mr. Willis is a member of the house committee on public works, and said he signed the committee's report under the apprehension that the bill was approved by the board of public works.

Mr. McCormick, who said Mr. Perkins had made no objection in a recent talk with him, denounced what he claimed to be an effort to place a member of the house in a false light as ungentlemanly and unfair, and he seconded the motion to indefinitely postpone the bill. The motion prevailed.

Senator Royer's bill to require depository companies to make deposits with the state out of their capital stock instead of out of premiums, which passed the senate, was taken up and passed by the house immediately after it was messaged over.

Senator Harbaugh's scientific temperance bill was passed by the house by 74 yeas to 2 nays.

Senator Patterson's voting machine bill passed the house Thursday by a vote of 58 yeas to 14 nays. In calling up the bill Mr. Armstrong, a Republican, said he had no personal interest in the bill whatever, but that it was one of particular interest to a faithful hard working and courteous member, and one who had often led in the devotional exercises. He referred to Mr. Ross of Putnam, who is the inventor of a voting machine. The only change made in the present law is that the proposition to adopt the voting machine may be submitted to a vote in any precinct at a special as well as at a general election, and that only a majority of the votes cast shall be sufficient to carry.

On motion of Mr. Griffin the finance committee was relieved of the bill by Mr. Brown of Mercer to authorize the payment of company M, Second regiment, Ohio national guard, recruited at Paulding, for one week's service at Camp Bushnell, where Ohio troops were mobilized in 1898 to be mustered into the service of the United States. The bill was amended so as to include a portion of company M of the First Ohio national guard, recruited at Cincinnati, and passed without opposition. The house by a vote of 64 to 6 refused to concur in the amendment made by the senate to Mr. Finck's bill for taxing the property of all persons who have been residents of the state six months or more. The house asked for a committee of conference.

The deficiency bill for \$337,637.73, of which \$264,000 is authorized by the deficiency board, was introduced.

In the Senate.

Senator Brorin presented a resolution memorializing congress to take steps to check the growth and spread of tuberculosis diseases. It was adopted.

When Senator Sieber's substitute bill for the municipal code was reached on second reading, Senator Archer moved it reference to the judiciary committee.

Senator Sieber asked Senator Cohen if he had not promised to support the bill. Senator Cohen admitted that he

had said so, but on studying it over night changed his mind, and next morning told the author that he could not support it. On Senator Sieber's motion to refer it to a committee of one, the vote was 20 yeas and 5 nays. It was then sent to the judiciary committee, where it will die.

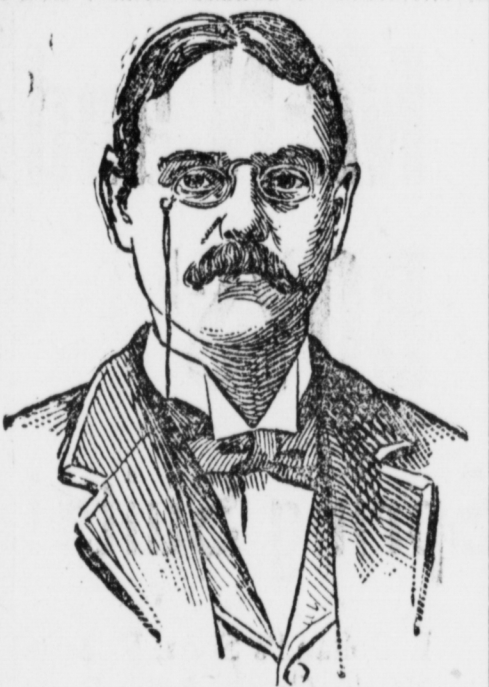

Senator Archer's resolution, authorizing the printing of 1,000 more copies of the municipal code bill was defeated—12 yeas to 11 nays.

Under suspension of the rules, the Swain bill for representation of the state at the Pan-American exposition at Buffalo was passed. It appropriates \$25,000 for the building, and \$5,000 for the expenses of three commissioners, whom Governor Nash will appoint.

PORTER RESIGNS.

President McKinley Accepts and Appoints Another Man as Secretary.

Washington, April 13.—Owing to continued ill health, Hon. John Addison Porter, secretary to the president, has tendered his resignation and the president has accepted it to take effect May 1 next. George B. Cortelyou of

JOHN ADDISON PORTER.

New York, the present assistant secretary to the president has been appointed to the office.

Mr. Porter's health was seriously impaired about a year ago by a severe attack of illness, and since then he has been at times relieved somewhat from the onerous duties of his office, but failing to regain his health and believing that complete separation from official cares is essential to his speedy and permanent recovery, the secretary has been constrained to tender his resignation, which the president has reluctantly accepted. His physicians enjoin complete rest and change, that he may have every facility for rapid improvement.

SURROUNDED BY POLICE.

Officers Furnish Protection to Workmen on Marshall Field Building.

Chicago, April 13.—The Marshall Field building, in course of erection, where most serious rioting occurred, was completely surrounded by policemen and special officers, the guard for the building being more than doubled. The officers had strict orders to keep the crowds moving, and any tendency to loiter near the building was liable to result in disaster to the curious one.

Twenty-five nonunion men slept in the building during the night on cots furnished by the contractors, and the police reported that about as many more entered the building and went to work.

No further trouble is anticipated until night, when the nonunion men leave work, and in order to prevent rioting then a special force of officers will be detailed to escort the men to their homes.

Banana Dealers Confer.

Chicago, April 13.—Banana dealers from all the central and western states met here to attend a special session of the National Banana Jobbers' association of the United States. The object of the meeting was to take action in regard to the alleged monopoly in the importation of bananas, which, it is said, is now almost completely controlling the trade in this country. Several plans were suggested for fighting the so-called trust, one of the most favorably received being the purchase by the association of banana plantations in Spanish Honduras and other Central and South American countries, and a line of steamers of its own. The formation of an independent association of western dealers was also discussed at length.

Frankfort, Ky., April 13.—R. C. Benjamin, the colored attorney for "Tallow Dick" Combs, began to argue the demurrer he filed to the response of the commonwealth to the writ of habeas corpus before Judge Cantrell, but the court ruled that a demurrer was not the proper way of procedure, and gave Benjamin a day to file an answer to the response.

IN FAVOR OF A CHANGE

In the Method of Electing Members of United States Senate.

NOT LEFT OPTIONAL WITH STATES.

Lower Branch of Congress Adopts a Resolution Proposing the Submission of an Amendment to the Constitution.

Washington, April 13.—This was private pension bill day in the house, but before the regular order was called for the house voted upon the joint resolution under discussion when the house adjourned Thursday, for an amendment to the constitution to provide for the election of United States senators by a direct vote of the people. The majority resolution left it optional with the states whether their senators should be elected directly or by the legislatures. The minority resolution made it incumbent that each state elect by a direct vote. The minority resolution, which was offered as a substitute, was voted upon first, and was carried by an overwhelming vote—ayes 135, nays 30.

Mr. Corliss tried unavailingly to get a yeas and nays vote, but only nine members seconded the demand. The vote was then taken upon the adoption of the amendment by yeas and nays, the whole house rising in support of the demand. The resolution was adopted—240 to 15.

The negative votes were cast by Messrs. Allen (Me.), Burleigh (Me.), Calderhead (Kan.), Fordney (Mich.), Gardner (N. J.), Hedge (Ia.), Henry (Conn.), Lane (Ia.), Lester (Ga.), Littlefield (Me.), McPherson (Ia.), Mann (Ills.), Russell (Conn.), Sperry (Conn.) and Thomas (Ia.).

Mr. Hepburn (Ia.) asked unanimous consent to set aside May 1 for the consideration of the Nicaragua canal bill. "I object," shouted Mr. Burton (O.), emphatically.

The house then proceeded with the regular order—the consideration of private pension bills.

During the consideration of one of the bills, Mr. Talbert (S. C.), whose course in insisting upon a quorum forced day pension sessions, sent to the clerk's desk and had read some letters from old soldiers in various parts of the country protesting against the special acts "ground out by the congressional bureau." One of them said the old soldiers were very sore. Mr. Talbert said the letters read were examples of hundreds he had received.

Place Hunters Active.

Washington, April 13.—It is understood that no selection of a successor to Mr. Allen as assistant secretary of the navy will be made until Secretary Long returns to Washington from Colorado, and has had an opportunity to express his preference in the matter. The secretary is expected to arrive here almost any moment. Meanwhile the tide of place seekers has turned upon Mr. Allen's office and the White House, some of the applicants not even waiting for the president's signature to the organic act, before presenting their claims for some post connected with the government of Porto Rico.

For Army Physicians.

Washington, April 13.—The secretary of war has forwarded to congress with his approval the draft of a bill prepared by Surgeon General Sternberg, providing for the appointment of contract surgeons who have rendered one year's faithful and satisfactory service in the army of the United States assistant surgeons of volunteers, with the rank of first lieutenant. The bill provides for such appointments after the usual examination as to physical and professional qualifications, and the officers so commissioned are to be subject to honorable discharge whenever their services are no longer required.

No Reply From Sultan.

Washington, April 13.—No response has yet been received from the Turkish government to the strong protest lodged by the American minister at Constantinople, by direction of the state department, against the proposed decree excluding American pork from importation into Turkey, and it is not known here whether or not the decree will actually be executed. Meanwhile the department of agriculture is preparing an elaborate presentation of the reasons why American pork should not be attacked in this fashion.

Cut the Allowance.

Washington, April 13.—The house committee on militia decided to fix at \$1,000,000 the amount allowed annually to the militia of the several states in place of the \$400,000 now allowed. The bill as heretofore agreed

upon allowed \$2,000,000 annually, in accordance with the request of the national association of military organizations.

DEARTH OF WAR NEWS.

Good Friday Seems to Have Been Observed in South Africa.

London, April 13.—Judging from the lack of news from the front, Good Friday is being kept in South Africa as religiously as it is in London.

Presumably the situation remains unchanged, though word from Wepener is awaited with interest.

A dispatch received here from Cape Town says that Lord Roberts will proceed to Bloemfontein in a few days, and that the Duke of Westminster has already departed for the Free State camp. Cape Town is as much in the dark in regard to the progress of the campaign as London is.

Weeping and Walling.

Allwal North, April 13.—A detachment of 2,200 of the Rouxville commando is patrolling in this direction. Many of the men go to their farms at night and join the detachment in the morning. The Rouxville commando numbers 700. A large body of Basutos is closely watching events from the border. The weather is too cloudy to permit heliographing. It is reported the Boers lost heavily in the recent fighting at Wepener. There is much weeping among the women and an urgent message for assistance has been sent to the Rouxville commando. There was fighting at Dewets dorp recently.

Reichman Took No Part.

Pretoria, April 13.—United States Consul Hay, in an interview had here, says that the report that Captain Reichman, the United States military attaché, participated in the fight near Sannas Post is absolutely false. Captain Reichman, it is said, was occupied most of the time attending upon the wounded Dutch military attaché, Lieutenant Nix, who has since died. Consul Hay has no doubt that Captain Reichman has been confounded with the American Lieutenant Loosberg of the Free State artillery, who took a very active part in the fight.

The Boers Located.

Reddersburg, April 13.—The Third division, commanded by General Chermide, has arrived here from Bethany without any incident worth mentioning. The Boers have been located south of the Wepener and Smithfield districts. Colonel Dalgety, who is in command of the Colonial force surrounded at Wepener, is holding out gamely. Exciting developments are probable in the near future.

Chinese Are Landing.

San Francisco, April 13.—Thousands of Chinese are passing the barriers of the customs house, and not only are being landed, but are being made native born citizens of California, each with a vote and qualifications to participate in the political affairs of this city and state. It is asserted that during the past three or four months over 10,000 Chinese have been landed and of these at least 100 a month have been admitted on the ground that they were born in this state, which fact being admitted entitles them to the rights of citizenship. Charges are made that this influx of Orientals is only made possible by fraudulent evasions of the restriction act.

Mashona Is Stopped.

Cape Town, April 13.—The admiral in charge of the British fleet in these waters has refused to permit the British steamer Mashona, Captain Johnston, to proceed beyond Durban. The agents of the vessel announce that the cargo destined for Alagoa bay will be landed at Durban. The British gunboat Partridge, Dec. 8, captured the steamer Mashona, which had sailed from New York, Nov. 3, via St. Vincent, Nov. 16, for Alagoa bay, laden with flour for the Transvaal.

Chattanooga, Tenn., April 13.—Statements of the Southern railway officials and the operators differ so widely it is hard to determine the real extent of the strike now in progress on that system. The places of the strikers in this city have been filled from the clerical forces, and so far passenger trains have not been seriously interfered with. Freight traffic is somewhat delayed. The railroad officials say less than 10 per cent of the men on the Knoxville division are out.

Cleveland, April 13.—The Marine Review says: "The committee on rivers and harbors, of which Representative Burton of Cleveland is chairman, has decided to take an extended trip up the lakes after congress adjourns. It is now several years since a congressional committee visited the lakes. Doubtless the forthcoming trip will have an important bearing upon future legislation for the benefit of the chain of lakes. All the principal ports will be visited, and the party will start upon the trip about July 1."

BURTON'S OBJECTIONS

To the Consideration of the Nicaragua Canal Bill Explained.

ABROGATES TREATY WITH ENGLAND.

Opponents of Measure Are In Favor of Construction of Waterway After Necessary Preliminaries Are Secured.

Washington, April 13.—Mr. Burton, whose objection to the consideration of the Nicaragua canal bill attracted much attention, explained his course in the following authorized statement: "I wish it distinctly understood the objection is made upon my own responsibility. Objection to consideration of the pending bill was made because:

"First—It abrogates a treaty solemnly entered into and now in full force. While its abrogation could be accomplished by the passage of this bill, such action is without precedent in our relations with foreign powers. It is also unnecessary because the same result could be obtained by the Hay-Pauncefote treaty, a measure which, though much misunderstood, is nevertheless a triumph of diplomacy.

"Second—It commits us to a fortified canal, instead of a neutral canal. A neutral canal is not only in accordance with the general tenor of our own policy, but would best subserve our own interests.

"Third—There are also serious objections to the present considerations of this bill which might not exist at a later time. It is desirable that the present commission, the first which has given comprehensive and complete consideration to the subject of the construction of an international canal, should complete its work before a route is selected. In the same line it is desirable that provisional treaties be made with the country's controlling each of the proposed routes, viz: Costa Rica and Nicaragua, on the one hand, and Columbia on the other hand. To pass a bill committing the United States to either of those routes would prevent us from obtaining as favorable terms for right of way and control as could readily be obtained in case the question of the route should be postponed.

"No loss could result from a postponement until the next session, because extended examination will be required before a definite route can be safely and judiciously selected, even if the general route should be chosen. Some 500 men are now at work making examination and exploration. This work, which is absolutely essential before the canal is commenced, will require considerable time.

"There is no desire on the part of those who are opposing the present consideration of this bill to oppose the construction of a canal. The administration and both political parties are committed to the early beginning of the work. But is desirable that all necessary preliminaries in the way of examination of engineering features, settlements of diplomatic questions and securing the most favorable privileges, shall be thoroughly attended to. It has been proposed that an early date in the next session be fixed for consideration of the bill. To this I don't believe any objection would be made."

BOILERS EXPLODE.

Three Buildings Destroyed and Several Workmen Injured.

Wheeling, April 13.—Two boilers in the furnace department of the Riverside plant of the National Tube company exploded, carrying the boilers 150 feet and destroying three buildings and boilers in the steel works and water. Several workmen were injured, two seriously. Three thousand workmen will be thrown out of employment for 10 days. The tube works were not affected. Loss, about \$50,000.

Struck Bottom.

Philadelphia, April 13.—The steamer Brisgravia of the Hamburg-American line, while passing down the Delaware river, bound for Hamburg, went aground near the lower end of Chester Island. Tugs were sent to her aid, and it is expected she will be floated at the next high tide, after which an examination of her bottom will be made to ascertain if she has sustained any serious damage. This is the second accident to the Brisgravia within a short time.

Not Ready for Opening.

Paris, April 13.—The exposition authorities are making a strenuous effort to prepare the show for inauguration, but an examination of the grounds and buildings shows the task is impossible. The buildings are filled with debris and the exhibits are only partially installed.

TOM REED's latest name for President McKinley is "The Emperor of Expediency."

THE TROY (N. Y.) Congressional convention knocked out a resolution indorsing Teddy Roosevelt for renomination and re-election to the office of Governor.

UNLESS something is done soon this "fictitious" prosperity is in danger of becoming permanent.—Public Ledger.

There are some people in Maysville who would like to see a little of the genuine article.

THE editor of the Ledger, in his befuddled condition, should read the comments of the New York Tribune and the New York Post on the recent decision of the Court of Appeals in the case involving the governorship.

It is reported that Pension Agent Leslie Combs wouldn't object to a nomination for Governor at the hands of the Republicans. It is also reported that he is quietly at work laying his wires to secure that honor. This is treason to Taylor.

IN Friday's "Pithy Political Points" a typographical error made Mr. Taylor say "public opinion and honorable men arrange them for the blackest, foulest, most damnable deed that this Commonwealth has ever known." It should have read "arraign them" &c.

AT last Congress has made a move to repeal some of the war taxes. A bill has been introduced to take the tax off of deeds, mortgages, leases, brokers' contracts, powers of attorney and similar documents. But the revenue from this source is less than \$400,000, while the surplus from the war taxes reaches over \$50,000,000 a year. Congress should go deeper and wipe out a good deal more. The war with Spain is over.

WHEAT is relatively about the cheapest of the great staple products of the United States.—Cleveland Leader.

"And what is true of wheat," replies the Sandusky Register (Rep.), "is also true of corn and oats and eggs and many other articles produced on the farms. Another thing that puzzles the farmers is the fact that with wheat, corn and oats down to rock bottom prices they must pay double what they did two years ago for many articles they need. They cannot organize a wheat trust, but they are confronted by a wire trust, a tin plate trust, a nail trust, a glass trust, a sugar trust, and all sorts of trusts. They read of enormous profits made by the trusts, but not of the profits made by the farmers. And now that an election is coming they will be asking stump speakers and candidates for office some ugly questions that cannot be answered off hand. If McKinley were to trot about as an advance agent of prosperity they would ask him to point out the prosperity he promised the farmers, with wheat at 65 cents in Chicago, corn 38, oats 24, eggs strictly fresh in March at Cleveland, 11. Adroit as he is, McKinley would squirm if called on to answer."

THE Democrats in the House are after Lyman J. Gage, the representative of Standard Oil interests in the Treasury Department, and Congressman Sibley, who represents the same monopoly in the House. A few days ago Sibley introduced a bill for regulating treasury payments in Cuba, Porto Rico and the Philippines. It looked innocent enough, but investigation showed that it would give certain favored banks the use of about \$117,000,000 a year without interest. What were the banks? Under this administration that is a useless question. They were the Standard Oil banks, of course—the National City Bank of New York, and its allied institutions. When the expose was made Sibley—in accordance with his petty nature—tried to shift the blame. He declared that he had introduced the bill as a favor to Secretary Gage—the same Gage who sold the United States Sub-Treasury in New York to the City National Bank for a check and then returned the check; the same Gage who was so responsive for Banker Hepburn's remarks about the political activity of his board of directors. Now a Democratic Representative has introduced a resolution calling for information as to how these funds are being handled and we may hope for information as to the tie that binds the Standard Oil Company, the Secretary of the Treasury and the renegade "Joe" Sibley into one phalanx bent on the acquisition of "honest" money.

GOLD STANDARD IN INDIA.

And the Unfortunate People are Crying for Money, to Buy Food.

[Hunterson, N. J. Democrat.]

What is the reason that Great Britain don't bring a little of her gold standard prosperity to India? Why is it that Great Britain allows starvation to stalk throughout that land which she controls? We read before us in a Republican newspaper which believes that only through the gold standard of England can prosperity be had or maintained, and that through the maintaining of a standard of both gold and silver by the United States would bring all sorts of evil up the nation, that in India fifty millions of human beings are now in various stages of starvation. Five millions are right now at death's door, and these people, subjects of Great Britain, the ruler of the financial policy of the world, are crying aloud for help. Help from America. And they want money to send to India for the purchase of food. Here is a land belonging to the gold standard British Empire crying for money, and these same Republican newspapers who are sending that cry broadcast through the land are the very ones which say that there is plenty of gold money in the world, and figure out how there is so much more per capita than there was ten, twenty or fifty years ago.

But why are these people, living under a gold standard government starving because they have not the money to buy food with? We can see how a man in the Klondike might starve to death with his cabin filled with gold, but no food within miles of snow-clad mountain passes and ice-bound rivers and glaciers, but from this gold standard newspaper before us, this does not appear to be the case in India—there they want money to buy food. It may be some time before we have a bi-metallic financial policy in operation in this country; it rests with the people how long a time it will be, but the stronger the stakes are driven for a single standard, the scarcer the money is going to get with the masses and the nearer we, who depend on the agriculturist, will get to the condition of the people of India. With but a single standard, a very few men can control the money of the world. Who will say that in this selfish and grasping era that that is not a dangerous power?

HEAVY LOSSES

Which the Porto Rican Infamy Will Cause the Republicans.

[Chicago Inter Ocean, Rep.]

The enactment of the Porto Rico tariff into law will establish the ability and willingness of the present House machine to betray the pledges of the Republican party, to violate the promises made by a Republican President, to compromise Republican principles with a sugar and tobacco lobby, to betray the policy that came to us at the cost of a foreign war into the hands of its bitterest enemies, and to defy the dictates of the national conscience; but it will not and it cannot establish the ability of this organization to change a wrong into a right, to wipe out the records of our plighted faith, to obliterate the obligations of "our plain duty," or to bury out of sight all the truths that have been told since the Ways and Means Committee deserted the Republican platform at the dictation of a commercial lobby.

It is well to think of these things now—to photograph clearly in mind the present situation—in order that when the votes are counted next November the responsibility may be recognized and fixed for the future guidance of the great Republican party. In Illinois, for instance, it is a certainty that, with the Porto Rico tariff as its steady burden in the coming campaign, the Republican party will lose at least three Congressmen, and will lose the Legislature, thereby incurring the indignity of a Democratic successor to Shelby M. Culom.

In Wisconsin, in Minnesota and in Indiana losses are equally certain. No matter how strenuous the efforts of the Republican press, no matter how active the work of the State organization, the burden put on the Middle Western Republicans by David B. Henderson, Seno E. Payne, John Dalzell, Charles H. Grosvenor and Joseph P. Cannon, of the House organization, is a heavy handicap to be borne to victory in the Congressional elections. Congress has been lost by them in the Middle West alone, and unless this loss shall be made good by utterly unforeseen gains in other parts, the country will owe to these gentlemen next November the disaster of a Democratic House of Representatives.

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them. Also old running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, best pile cure on earth. Drives out pains and aches. Only 25c. a box. Cure guaranteed. Sold by J. J. Wood & Son, druggists.

Postum cereal coffee and grape nuts.—Calhoun's.

Good eating potatoes, 45c. bushel at H. E. Langdon & Co.'s.

MEASLES is yet quite prevalent at Washington and vicinity.

EASTER SUNDAY.—Mass at St. Patrick's Church 7:30, 9, and 10:30 a. m.

RAY's rainbow mixed paint is guaranteed pure. At Postoffice Drug Store.

A REVIVAL at the Moundsville, W. Va., M. E. Church resulted in 600 conversions.

THE Pastor's Union will meet on Monday next at 10:30 a. m. at the study of Rev. J. O. A. Vaught.

No service at Mitchell Chapel to-morrow morning, but the usual service will be held at night. All cordially invited.

MR. R. C. BLAND is at the Good Samaritan Hospital, Cincinnati, accompanied by his wife. He is reported to be somewhat better.

THERE has been more smallpox in the country this year than ever before. It is also true that there have been fewer deaths from the disease.

A GOLDSTEIN, Louisville optician, was robbed of \$75 Thursday by a couple of young men. While one was trying a pair of glasses, the other went through the safe.

It is said at Barbourville that though the Republican machine will force the nomination of Taylor for Governor, he will not run, relying on a foreign appointment in the event of McKinley's re-election.

MRS. JANE MARTIN, aged about fifty-two, died of heart failure at her home near Springdale at 12 m. Friday, April 13th. She leaves four sons and one daughter. Her husband died about four or five years ago.

MRS. POLLY CARTER, one of the oldest and most highly respected women of Robertson County, died of heart failure at the age of eighty-seven years. Mrs. Carter was the widow of the late John R. Carter, a veteran of the Mexican war.

A NEW book that is proving to be a great seller is "The Domestic Blunders of Women." It is creating a sensation. The second edition was called for the first week. The author is "A Mere Man." It is published by the Funk & Wagnalls Company. Call at J. T. Kackley & Co.'s and get a copy.

SNIDER BROS., of Cleveland, O., and Kokomo, Ind., have leased several acres of land at Garrison, Lewis County, and will at once erect a large factory to manufacture heading. They own 14,000 acres of land, and will when in full force employ about 100 men. Garrison is at the junction of the Kinnickinnick and Freestone railroad and the Chesapeake and Ohio.

THE examining trial of Harry Harvey Friday for cutting and wounding Ed. Dobyns, colored, resulted in the accused being held in the sum of \$200 to answer at the next term of the Circuit Court. It was brought out that the trouble originated over a game of cards, in which Harvey won five cents. Both have been confined in the jail for some time. Harvey's home is at London, Ky.

THE pastor will preach at both hours at the Baptist Church to-morrow. Morning subject, "Activity in the Day of Destiny." Evening subject, "Card-playing, Not According to Hoyle." Sunday school at 9:30. Young People's Meeting at 6:30. The hour of the evening service has been changed to 7:30 instead of 7 p. m. Every member of the Sunday school is requested to be present as there will be something of interest for each of them. Baptism after the morning service.

THE weekly addition to the long list of casualties in the Philippines contained the names of three Kentuckians. Private James E. Davis, who enlisted March 16, 1899, at Ashland, is among the dead, having succumbed to injuries received in action March 11. Among the wounded are Privates Tony Grant and Willis J. Johnson. Private Grant is a member of Company H, of the Twenty-fifth infantry, and enlisted at Lexington. Private Johnson, a member of the same company, was also wounded in the same action in a similar manner. Johnson enlisted at Lexington, but his family resides at Versailles.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

Easter Gloves!

Soft, snug, comfortable, shapely. Comely gloves for daily wear, satisfactory for dress and service. Effective shades—smart tan, fashionable grey, dull, distinguished slate color and black. Going—and one dollar would leave no margin beyond value—at 69c. a pair. FOR FRIDAY ONLY. Easy to complete your Easter gown with stylish gloves at such a price.

PRETTY NECKWEAR.

To freshen the old gown or adorn the new. Pulley Collars in pastel stripes and white. No inner lining used in these dainty stocks, featherbone stiffening which gives welcome coolness for hot days. 75c. New line of Four-in-hands and Empire Scarfs. Beauties. 50c.

35c. LISLE STOCKINGS.

You can find hosiery at this price anywhere, but it's as easy to match blue with black as to match the quality measure we give, and if you don't know that it's because you fail to buy your stockings here. Try a pair of them—made of the smoothest Maco cotton with extra thickness in heels and toes. Rich deep black, true and fast through wear and washing.

TELEPHONE 141.

D. HUNT & SON.

MEN and BOYS'

Planting Time

Is at hand and I want to call attention to my very large stock of

GARDEN SEEDS.

Of every variety suited to our climate. WATERMELON and CANTALOPE SEEDS of all kinds in very large quantities. Immense stock of Seed Beans and Peas, all purchased last August, since which time many varieties have doubled in price and all have largely advanced. ONION SETS, white and yellow. Pure Northern Seed potatoes of all the desirable varieties; also Seed Sweet Potatoes, the purest and best. All the above goods I can furnish wholesale or retail, in quantities large or small, and at prices that can't be equaled by any other house in our city. Persons wanting to buy any of the above named goods should see my stock and get my prices before buying. I can save you money and at same time give you the very best.

Gents' Gold-filled Watches, American movement, \$7.75
Including chain and charm.
Solid Gold Ladies' Watch, Elgin movement, fine chain, \$19.75
Some cheaper.

By all means see our stock before purchasing.
Next door to First National bank.

JAMES N. KEHOE,

Attorney at Law.

Office: Court street, east side.

CONSTABLE DAWSON Friday arrested John Wheatley and Theophilus Sanford on charge of grand larceny. They are accused of stealing a couple of rings, one a diamond and the other a ruby, belonging to Miss Grace Heyer, leading lady in "The Little Minister" Company, here a week ago. Mr. Dawson recovered both rings. The accused will have a hearing at 2 o'clock this afternoon before Squire Grant.

EASTER novelties at Traxel's.

FERTILIZER, millet and oats.

T. J. WINTER & Co.

The Bee Hive

OUR PARIS PATTERN HATS.

Have met a flattering reception. Patrons wonder that we can sell 'em at such modest prices. The secret, by the way, lies in our buying them in such large quantities and from first hands. All declare the styles unique and absolutely proper. No two trimmed alike. Prices from \$1.69 to \$6.50, but worth fully 30 to 40 per cent. more.

A COMPLETE DRESS GOODS STOCK.

We believe we are justified in stating that our Dress Goods stock is now complete in every detail. There is nothing in Woolen and Cotton Fabrics that Fashion decrees in vogue for spring of 1900 but what you'll find it here. Venetians for the tailor made gown at 50c., 59c. and \$1.25, all colors. Plaid Homespuns, forty inches wide, worth fully 75c., our price 59c. Golf Plaids from \$1 to \$2.25 per yd. The new stripes in cloths of all wool, 50c. to \$1 per yd. Sybeline Plaids, 50c. a yd. The Black Dress Goods stock is a department in itself. Crepons from \$1.06 to \$2.75 a yd. Gonsalva Cloth, a gem of the weaver's art, fifty-four inches wide, \$1 a yard. Black Mercerized Brocades that are sold elsewhere at 40c. are sold here 29c. And a host of other fabrics that lack of space prevents mentioning.

\$12.50 TAILOR-MADE SUITS FOR \$8.49.

We ask you but to inspect these suits and judge of their merits for yourselves. They are made of all-wool Venetian Cloths, jacket lined with silk and skirt with best grade percaline. We guarantee a proper fit with each suit. Our special price, \$8.49.

ROSENAU BROS.,

PROPRIETORS OF THE BEE HIVE,

—KINGS OF LOW PRICES—

LARGE CROWD OUT

Last Night to Hear the Discussion by the Limestone Debating Club.

There was a large crowd out last night at the meeting of the Limestone Debating Club, and the members appreciated the presence of quite a number of ladies. Since the organization of the club it has been working under adverse circumstances. It seems that one or two people can tear down what it takes many to build up.

The leader of the orchestra that was advertised for last night could not be present because of an accident to one of his hands, and then one of the distinguished speakers could not be present from the fact that he was confined at home with sickness; and it is said there was no street car to accommodate the West End people. There was certainly some misunderstanding about that, for the Secretary was reliably informed that that arrangement had been made with the street car company.

And then all responsible people should look at the good side. 'Tis human to err, divine to forgive. They should not expect speeches from members who are just making a start equal to those made by Bailey, Bradley and Bryan in Congress.

Mr. C. Burgess Taylor delivered an interesting address, and the people stood him well in hand.

Messrs. Daily, Meenach and Skinner were the orators of the evening. Messrs. James W. Fitzgerald, John Duley and P. P. Parker decided that "woman's sphere" is not absolutely and altogether in the home.

The Porto Rican bill will be the next subject. B. B. POLLITT, Sec. C. P. Dieterich, Pres.

The grip is prevalent at Washington.

Racket Prices

Our store is a synonym of economy. A child can buy as cheap here as a man. Granite Coffee Pots 20, 22, 24 and 28. Milk Cans 1 qt. 7c. Needles 1c. paper. Ribbon 1c. yd. Tea Strainer 2c. Racket Store.

EASTER AT Y. M. C. A.

Interesting Service for To-morrow—Membership of the Association is Increasing.

An interesting service will be the one at Y. M. C. A. Sunday afternoon at 3 o'clock. Mr. Charles Collins will be the leader and Mr. H. C. Curran the speaker of the day. Let every man and boy who ever attended these rallies come out on Easter day and bring a friend with him. All men welcome.

The membership of the Y. M. C. A. is increasing, largely through the influence of the "Get One" club. Some men have gotten as many as three. Let the good work go on. If you have not got your man get him soon.

WE KNEW IT ALL THE TIME!

As soon as the weather man did his spring duty we would have as many, aye more customers than we can wait on, and why not? Where can you go and find such a stock of merchandise to select from as in our house? In each department, from shoestrings to the finest Suit, are represented the highest types of manufacturer's skill. Then, our house is a comfortable place to deal in, and you don't have to guess at the price nor value of what you buy. Every article is marked in plain figures.

During this week

NEW SUITS & SHOES FOR THE GLORIOUS EASTER, HOLIDAYS.....

will be in order. Our window display will give you some idea what we have.

In our Children's and Boy's department we have made greater efforts than ever to give you the newest, prettiest and best.

We advise that you come in as early in the week as possible, thereby avoiding the rush which we will be sure to have the latter part of the week.

We are still selling our Hanan's Shoes at \$5, every where else they sell at \$6; if you have never wore a pair of this make, try a pair.

The Home Store,

HECHINGER & CO.

Best "Dewey Patent Flour," \$3 50 per barrel at H. E. Langdon & Co.'s.

CASH BUYERS

Will find it to their interest to call at

Our Undertaking Department

is unsurpassed in its thorough equipment, and is in charge of an experienced and careful Undertaker and Embalmer. The handsomest rubber-tired funeral car in this section.

FURNITURE OF ALL KINDS REPAIRED. Mattresses made to order.

McILVAIN & HUMPHREYS, PARKER BUILDING, SUTTON STREET, MAYSVILLE, KY.

BROKE A SHAFT.

The Bonanza Disabled by an Accident Friday—River News.

The E. I. Roberts is coming with seventeen barges of coal.

The City of Pittsburg is due up this afternoon for Pittsburg.

It is hinted that the Pittsburg Packet Company may buy out the White Collar Line.

Queen City for Pittsburg to-night and Speedwell for Portsmouth. Lizzie Bay down Sunday.

The Courier did not go through to Vanceburg Friday. She was ordered back to Cincinnati while here, to take the Avalon's place in the Pomeroy trade.

The Bonanza broke a shaft at some point above here Friday morning, and the Avalon was sent back to Pomeroy to take her place. The latter boat passed down this morning and will be to-night's packet for Pomeroy.

The coal operators in the Pomeroy Bend have gone into a combine, same to be known as the Pomeroy Coal Exchange. It takes in all of the operators on both sides of the river, and those entering the combine are the Syracuse Coal and Salt Company, Russell & Baer Coal Company, Charter Oak Fuel Company, Peabody Coal Company and Consumers' Coal and Mining Company. The officers are: President, Fred Ebersbach; Vice President, H. E. Spilman; Secretary and Treasurer, Ralston Russell. Charles M. Karr has been appointed general agent for the combine and all coal will pass through his hands. The floating stock of the several companies represents some \$100,000 or more.

The St. Aloysius Cadets will receive holy communion in a body Easter Sunday morning at 7 o'clock mass.

ANTHONY DIENER, Captain.

Easter Flowers.

Beautiful pot plants and cut flowers for Easter, on sale at Myall & Co.'s store, West Second street.

A Full Confession!

OTHERS IMPLICATED.

I Think it Best the Public Should Know the Truth.

Therefore I will tell you about my Clothing for this season for men, youths and children. Twenty years selling good Clothing in Maysville, but I have never before had so nice a stock as I am showing now. I will not attempt to describe them. To appreciate you must see them, and that's what I want you to do. Whether you are contemplating a purchase or not, it is well worth your time.

We wish to call special attention to our Children's Clothing, which we are quite sure is the nicest ever shown in this city. We also do fine Merchant Tailoring in the latest and most approved manner, and our line of piece goods is something beautiful to look at. Our Men's Furnishing department is full and complete in every particular with the very newest, nicest and up-to-date stuff found in the market, and my prices are always the lowest, consistent with dependable goods. Respectfully,

J. WESLEY LEE,

N. E. Corner Second and Market Streets, Maysville, Ky. Dodson Building.

SMOKE the "La Tosen" cigar. The best on the market. Always the same.

ROYAL BAKING POWDER

ABSOLUTELY PURE
Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

DEAL CLOSED.

And the Brooksville Railroad Will Be Extended to West Liberty—Such is the Latest on This Subject.

The Mt. Olivet Advance is authority for the statement that the Cincinnati and Licking River Railroad Company, a corporation composed of Chicago capitalists, has purchased the Brooksville railroad and the Covington, Flemingsburg and Ashland railroad, running from Johnson Junction to Hillsboro, and that these two roads will be connected and extended to West Liberty, in Morgan County, where the company owns over 14,000 acres of coal and timber lands.

The Advance says: "Y. Alexander, President of the Brooksville Railroad Company, who is Vice President of the new company, that the deal has been made for the building of this road to the mountains, and is possible for Robertson County to get it, provided the people will offer the proper inducements. It is the intention of the company to extend the Brooksville road to Johnson Junction this summer. There are two practical routes for the road to go. One is by way of Germantown, and the other by Mt. Olivet. The distance by either route is practically the same. Both routes will be surveyed and each town will be given an opportunity to get it. The management favor the Mt. Olivet route."

The Advance states that Mt. Olivet can secure the road by putting up \$15,000 or \$20,000.

As soon as the weather settles a surveying corps will be started over the routes and the best will be selected.

From another source it is intimated that the C. and O. people are behind the new deal.

Ice! Ice!

We will furnish any saloon keeper with ice at 20 cents per hundred pounds, whether he buys our beer or not.

THE JUNG BREWING CO.,

Thomas Guilfoye, ag. nt.

MR. DIMMITT KNIGHT, of Washington, is a delegate to the Kentucky Conference of the Southern Methodist Church.

Americans are known as a dyspeptic people. The extent of this disease may be inferred from the multitude of so-called "medicines" offered as a remedy. They are often in tablet form and have no value except as palliatives of the immediate effects of dyspepsia. The man who used them may feel better but is surely getting worse. They do not touch the real cause of the disease. Dr. Pierce's Golden Medical Discovery is a medicine specially prepared to cure diseases of the stomach and organs of digestion and nutrition. It is not made to give temporary relief but to effect permanent cure. In ninety-eight cases out of every hundred it cures perfectly and permanently.

It has cost Dr. Pierce \$25,000 to give away in the last year the copies of his People's Common Sense Medical Adviser, which have been applied for. This book of 1008 pages is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

PERSONAL.

—Miss Mamie Gaines is visiting friends at Newport.

—Miss May Rourke, of Mill Creek, was visiting at Washington Thursday.

—Mr. Dan Morgan was visiting relatives near Washington the past week.

—Miss Kate Ryan, who has been visiting at Washington, left to-day for a visit at Mt. Carmel.

—Miss Mary Buckley, of the county, is visiting her sister, Mrs. E. Myall, of West Second street.

—Mr. Lewis Parry is expected home to-day from a six-week's trip through West Virginia and Pennsylvania.

—Misses Mary and Emily Forman will arrive from India soon, and attend the Moody School at Chicago this summer.

—Rev. W. T. Spears has been attending the Presbytery at Crittenden, and will remain Sunday with friends in Boone County.

—Miss Anna Peers and Miss Emma Huber, of Charleston Bottom, visited Miss Daisy Day, of Ripley, the first of the week.

—Mrs. George L. Cox, Mrs. Joseph F. Perrie, Miss Rosa Pickett, Miss Katherine Albert and Miss Myra Duke were in Cincinnati Thursday.

—Mrs. Jeanette Nixon, of Knights-town, Ind., returned home this morning after spending the week with her sister, Mrs. Dr. Politt, of this city.

—Mr. Jos. Lee left last evening for Cincinnati to accept a position as clerk at the Stag Hotel. He has the best wishes of his many friends in his new home.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.

"Humpty Dumpty" Coming.

Dickson & Mustard's Humpty Dumpty, which has captured the East, has also taken the West by storm. Enormous houses are reported all along the line. The greatest of all advertisers, the traveling man, is spreading the news. He saw the show in Cincinnati and again in Chicago and is going once more, now that he is in Maysville; and thus it is that a big and clean production is always successful and sure of liberal patronage. "Humpty Dumpty" will be at the Washington Opera House, Monday, April 23rd.

Easter Eggs Dyes.

Plain colors, pictures, marbles and calico dyes in one package for 5 cents at Chenoweth's drug store.

ELECTRICS STILL LEAD.

TELEGRAPHIC TIPS.

News Gems Gathered Here, There and Everywhere.

Miss Alta Rockefeller is engaged to E. Parmelee Prentice of Chicago.

Hon. Charles H. Allen has accepted the position of first governor of Porto Rico.

Government is ready to begin work on the dam across the Ohio at Belaire, O.

Jacob E. Windlinger, 8, bitten by a mad dog last January, died at Columbus, O.

Richard Mansfield, the actor, cancelled his Columbus engagement on account of sickness.

Miss Penelope Cundiff, an Oklahoma girl, and Andrew M. Candell, a government employee, were wedded by telegraph.

R. R. Remelin of Cincinnati was elected president and W. T. German of Columbus secretary of the Ohio Democratic clubs.

Charles P. Taft and George B. Cox were selected as delegates to the Philadelphia convention by Hamilton county Republicans.

Senator Jones pleads ignorance in defense of his amendment to the Porto Rican bill, claiming he did not know the sugar trust would receive \$1,800,000 of the proposed refunded money.

The reason why the newspapers are the best mediums for reaching the people and securing business is that they come into closer touch with the public than any other kind of publications. They greet the reader's eye 365 days in a year. It is the persistency, if we may so call it, of the newspaper that gives it value. Every day it is new and must be read, and every day the advertiser is making a direct appeal to the reader for his patronage. It is the constant dropping of water that wears away the hardest stone—Fourth Estate.

Bracken and Robertson County's Assessment.

The State Board of Equalization made changes Thursday as follows:
